2021 ANNUAL REPORT

41 years of family strengthening and child abuse prevention in Maui County
A Message from Our Board President, Michael Kim, MD - 33 Years with MFSS

“At the end of the day, the most overwhelming key to a child’s success is the positive involvement of parents.” - Jane D. Hull

So is it better to parent based on personal experience, mentoring, or book learning? Depends.

I’m glad that Maui Family Support Services is around to help parents navigate the “Depends”.

I’m very thankful to our Staff, Administration, Leadership, Board of Directors, and Community Partners for the persistent hard work during a difficult year dealing with Covid-19. I’m optimistic that we will soon be heading out of the pandemic and though I don’t know that Covid-19 will go away, it will likely become endemic, like colds and flu, and more manageable. Wouldn’t it be nice to see people’s smiles again in 3D rather than 2D?

Sincerely,

Mike Kim

The Mission of Maui Family Support Services, Inc. is to promote healthy family functioning by providing supportive services that build on family strengths.

Our Prime Directive is to utilize our collective resources toward the prevention of child abuse and neglect.
A Message from Our Chief Executive Officer
Edeluisa Baguio-Larena - 20 Years with MFSS

The year 2021 is another year of great resilience and flexibility among our dedicated staff members and volunteers. We managed to keep implementing our comprehensive services despite the disruption the COVID pandemic has brought us. MFSS staff members have shown a tremendous amount of resolve to find new ways to "get things done" and make sure that our participants continue to receive high-quality services in the safest possible way.

Aside from maintaining our high-quality services, this year, we were able to rehabilitate the agency's main office at 1844 Wili Pa Loop in Wailuku where one of our child development centers is housed, making it a safe environment for participants and our staff members.

On behalf of the entire staff of MFSS, I want to thank all the families who continue to place their trust in our agency. Thank you also to our community partners and funding agencies for allowing us to provide much-needed services in our community.

Sincerely,
Edel Baguio-Larena

For Maui Family Support Services, SUSTAINABILITY means:

- providing equitable, inclusive, high-quality, and empowering services; and
- expanding partnerships and collaborations to continue to achieve long-term positive outcomes for future generations.

COUNCIL ON ACCREDITATION
ENGAGE. EMPOWER. EVOLVE.

MFSS has been accredited by COA since 2002
Michael E. Kim, MD, Board President

Dr. Kim practiced OBGYN on Maui since 1985 and was Board Certified OBGYN in 1987. He retired from Kaiser Permanente in June 2020. He had his own private practice initially before joining Hawaii Permanente Medical Group in 1998. He served as the Chief of Staff at Maui Memorial Medical Center in 1991. Mike has been on the MFSS Board of Directors since 1988.

Giulietta Swenson, PsyD, Board Vice President

Dr. Swenson is a Clinical Psychologist at the Maui Memorial Medical Center. She has over 12 years of diverse Clinical Psychology experiences including being the Mental Health Specialist for the Early Head Start program of MFSS from 2010 to 2014. Giulietta joined the MFSS Board of Directors in October 2015.

James Geiger, Esq., Board Secretary

Jim is a partner with Mancini, Welch & Geiger since 2002 practicing in the areas of commercial litigation, general business advice, and land use matters. Jim is the current MFSS Board Secretary and has been on the MFSS Board of Directors since 1989.

Steve Clark, MD, Board Treasurer

Dr. Clark is a dedicated pediatrician in private practice on Maui since 1985. He was a member of the Active Medical Staff at Maui Memorial Medical Center and served on numerous hospital committees. He also served as Chairperson for the Department of Pediatrics in 1991-1992. Steve currently serves as the MFS Board Treasurer and has been on the MFSS Board of Directors since 1995.
Joycelyn Victorino, Board Member

Joycelyn has been a long time supporter and community partner of MFSS. She retired in May 1, 2020 from ILWU where she worked for over 30 years. She is a wife, the mother of two adult sons, grandmother of five, great grandmother of two, and the first lady of Maui County. Joycelyn joined the MFSS Board of Directors in May 2019. She also serves as the Board–Early Head Start Policy Council Liaison.

Arliza Borja-Losano, Board Member

Arliza is an Assistant Vice President and Private Banker at First Hawaiian Bank. She strives to build long-lasting relationships with high net worth individuals and business owners to help them and their loved ones achieve financial wellness. A graduate of Baldwin High School, she married her high school sweetheart and they are parents to four children. Arliza joined the MFSS Board of Directors in April 2017.

Desiree Guillen, Board Member

Desiree is the manager of Wailuku Subway. She has worked there for almost 11 years. She has four children, three of which graduated from the MFSS Early Head Start Kupukupu Child Development Center. She joined the MFSS Board of Directors in November 2019.

Jorge Tirona, Board Member

Jorge is a Vice President and Senior Commercial Underwriter/Relationship Officer with Central Pacific Bank in Kahului. Born in Washington DC and raised in New York, Hong Kong, and Manila, he attended High School and College in Catholic universities in Manila before returning to DC to obtain an MBA in International Development Finance from The George Washington University and embark on a career in banking. He has lived on Maui since 2007 with his wife Margarita and two daughters. He is active on the tennis courts as well as on the Boards of the Maui Food Bank and the Maui Filipino Chamber of Commerce, among others. He joined the MFSS Board in December 2019.

Michael Connor, PhD, Board Member

Dr. Connor, retired, was a Licensed Clinical Psychologist in private practice and a Full Professor of Psychology at Cal State University, Long Beach. His areas of specialty include Exercise and Sport Psychology, Child-Developmental Psychology, Parenting with focus on Fathers-Fathering, Ethnic-Racial Diversity, and Positive Aging. While he commenced working with young children at the original Project Head Start program as a Teacher, a Child Development Supervisor, and later as a Consultant to Region I, his interest in fathering issues goes back to April 1967 with the birth of his first daughter. Mike joined the MFSS Board of Directors in June 2020.
Executive Leadership Team

Edeluisa Baguio-Larena, Chief Executive Officer
20 Years

Edel holds a Masters of International and Intercultural Management and a Bachelor’s Degree in Social Work. She served as the MFSS Director of Early Childhood Education from 2008 to 2014. She was appointed as Acting CEO of MFSS in October 2014 and became CEO in March 2015. She reports to the Board of Directors and is responsible for the organization's consistent achievement of its mission, strategic plan, and financial management.

Zina Andrade, Administrative Supervisor, 29 Years

Zina Andrade has been with MFSS for 29 years. She assists the MFSS Executive Leadership Team in all operations of the organization as well as facility maintenance, office-related functions, general clerical support, administrative support for the CEO, helps with orientation of all new employees and volunteers, and coordinates Board of Directors’ meetings.

Daphne Ladia, Project Director, Ho`owaiwai Kaiaulu & Quality Care for Hawaiian Keiki, 20 Years

Daphne has a Bachelor’s Degree in Human Services Management. She has been the Program Director of the Quality Care for Hawaiian Keiki program since 2016. In January of 2020, she was assigned to manage the Ho'owaiwai Kaiaulu Project which includes Healthy Families America-Maui/Molokai, Outreach and Resource Specialists, Hale Hi’ipoi, Kane Connections, and Youth Services. She provides oversight for the two projects ensuring all outcomes and objectives are met on time and within budget.
Debbie Butay, Chief Financial Officer, 15 Years
Debbie transitioned to Chief Financial Officer in December 2018. Debbie also held this position from 2012 to 2014. Under the general direction of the CEO, Debbie is responsible for the organization's financial management. She is also responsible for maintaining compliance with program contract requirements and government rules and regulations.

Larae Balag, Director of Early Childhood Education, 5 Years
Larae has a Bachelor’s Degree in Early Childhood Education. She is responsible for the operations of Early Head Start (EHS) and Hale Hi`ipoi Infant/Toddler Center in Hana. Larae has extensive experience in Early Childhood Education and has served as a resource speaker in EHS/Head Start conferences.

Elizabeth Osborn, Project Director, 4 Years
Beth holds a Bachelor’s Degree in Education, with an Emphasis on Early Childhood. She joined MFSS in 2017 and has served as Clinical Supervisor to Early Identification and Home Visiting Programs prior to becoming Program Director of the Healthy Families America–Lana‘i Program. She also serves as Child Development Specialist for HFA-Lana‘i.

Traci Robello, Early Literacy Coordinator/Project Director, 2021
Traci has a Master’s Degree in Early Childhood Education. She rejoined MFSS in March 2021. She worked in various programs at MFSS in the past, then went to Child Welfare Services and MEO Head Start. Before moving to Maui, she worked with the Learning to Grow Project at the University of Hawaii- Manoa, Center on the Family.

Over 4,457 People Served in Fiscal Year 2021!

Maui Family Support Services, Inc.  
Strengthening Children and Families in Maui County since 1980!

Last Year MFSS Provided ...

Outreach and Resource Information - 11,816 community resource packets distributed
298 screens completed with resource information and appropriate referrals
158 families were screened at Maui Memorial Medical Center
Home Visiting Programs - 3,908 home/virtual visits completed with families of children 0-3 years old
Low Cost/No Cost Infant and Toddler Centers - 48 children received quality child care
Support Groups for Men and Parents - 181 men/parents attended support groups on Maui and Moloka`i
Youth Life Skills Education - 369 students served in Intermediate and High Schools in Maui County
Child Care Subsidy Programs - 310 children were able to attend quality childcare in Maui County

Services Funded By:

State of Hawaii
Department of the Attorney General

Office of Child Care
An Office of the Administration for Children & Families
2020-2021
Serving Maui and Moloka‘i with Home-Based Services since 1998 and Center-Based services on Maui since 2003. Home-Based services are provided in the family home by trained and dedicated Home Visitors who visit with prenatal women and families with children up to three years old, once per week. Together, they watch and think about the child, help the child learn using the families’ interactions, daily routines and household materials. Twice per month, families come together for Socializations where parents and children can play and learn together. Center-Based services are provided at one of our three child development centers in Wailuku or Lahaina. Our Early Head Start learning environments are nurturing spaces that support the learning of very young children and create safe, fun, and welcoming environments for infants and toddlers.

Efforts to Prepare Children for Kindergarten & Parent Engagement Activities

Annual 2020-2021 School Readiness Report

- In Spring of 2021, assessment data were collected on 88 children during 3rd Checkpoint Period. Data is reflective of the children who received Home Based and Center Based services between April 21, 2021 and July 31, 2021. Approximately 12% of the 88 children assessed had an Individual Family Support Plan (IFSP) and received early intervention services.

- Five Central Domains of development in the Teaching Strategies GOLD assessment system are utilize to report children’s growth and learning. Teaching Strategies GOLD provides MFSS EHS teachers, home visitors, and administrators with valuable data 3 times a year to track and monitor children’s progress as well as to assess progress in each service option: Home Based or Center Based. Aggregating the data provides an overall snapshot of performance, agency wide.

Demographics of Participants

- The charts below show the demographics of the participants within the 3rd Checkpoint Period:
The tables below represent children’s progress towards the five central domains of development, program wide.

**Data Summary:** The data collected during 3rd Checkpoint Period shows a small drop in children’s developmental growth and slower retention towards School Readiness Goals, compare to previous checkpoints within the program year. However, children’s progress towards other developmental areas remain high in percentage and children continue to gain appropriate developmental skills while attending Center Based or receiving Home Based services.

- In the area of **Approaches to Learning**, data show growth in every age group particularly in the sub-domain: creativity where 89% of children ages 2-3 are emerging skills.

- In the area of **Social and Emotional Development**, 93% of children ages 2-3 successfully gained skills in the sub-domain: sense of identity and belonging.

- In the area of **Language and Communication**, approximately 94% of children ages 2-3 are emerging skills in the sub-domain: attending and understanding while 89% of children ages 2-3 are developing vocabulary skills.

- In the area of **Cognition**, 94% of children ages 2-3 are emerging skills in the sub-domain: memory while 84% of children ages 1-2 successfully developed reasoning and problem-solving skills.

- In the area of **Physical Development**, 96% of the 2-3 year olds are emerging skills in fine motor while 91% of children ages 1-2 successfully developed these skill sets. 75% of children ages 2-3 are emerging in gross motor skills while 83% of children ages 1-2 gained similar skill sets.

**Strengths:** Children between the ages of 2 and 3 demonstrated significant progress in all 5 developmental areas during the 3rd checkpoint period.

**Areas of Improvements:** Program administrators, along with staff and participants input, will review the current School Readiness Goals to determine need for revision and/or expansion. Program administrators
will review and compare previous data collected on children’s outcomes to govern appropriate professional development, staff training, and coaching.

**Family Engagement 2020-2021 Activities Report**

**Family Well-Being**: Pedestrian Safety; Car Safety; Fire Safety; Nutrition and Healthy Choices; Preventing Lead Exposure in Children; Preventing Child Heat Strokes in Cars; Family Planning; SIDS Prevention through Safe Sleeping Practices for Baby; Immunizations-Protecting your Child; Home Safety; Dangers of Second Hand Smoke; The Flu-Germs and Hand Washing; Baby Bottle Tooth Decay; Emergency Preparedness Procedures; Facts on Mumps; Managing Stress; The Importance of Fatherhood Involvement; Help Finding Affordable Housing; and Stress management; COVID-19 ongoing resources.

**Families as Advocates**: Well-Baby Checkups and What to Expect at the Doctor's; Transition Information - What to look for and what to ask when looking for childcare and preschools; Parent In-kind support for the EHS program; and Parent participation in Policy Council.

**Families as Life-Long Learners**: Read Aloud America; Financial Literacy/Budgeting/Financial Stress/Building Credit, Understanding Tax Deductions & Filing Taxes, Learning How to Maintain Accounts with Financial Institutions; Vocabulary Building Techniques: Seguin Three Period Lesson/Dialogic Reading, Speech & Language Developmental Milestones; Math & Science Every Day at age One to Three; School Readiness Goals; and Positive Disciplines and Temperaments.

**Family Engagement in Transitions**: Continuing programs after 3 years of age; Preschool Subsidy Programs and Panelist; and Presentation of available Preschool Programs and Resources.

**Positive Parent & Child Relationships**: Positive Disciplining and Parenting Styles; Cultural Sharing of songs and stories; Early Learning through Routines and Children Thrive on Routines; Sensory Play; Social Emotional Development: Managing feelings; Toddlers’ Brains Under Construction/ Brain Power; Age appropriate Toys; Toilet Training; Crying for Help; the Myths about “Spoiling” Infants; and How to Cultivate Emotional Intelligence in Children.

**EHS Year One Program Goals Summary**

Each year the program seeks to improve quality services to families within Maui County. The program completes a self-assessment and community assessment, which allows the program to adjust services to meet the needs of families within the community. Below are the MFSS EHS program goals and year one actions that the program has completed to accomplish each goal.

<table>
<thead>
<tr>
<th>Goal</th>
<th>Year Two 2020-2021 Progress Efforts</th>
</tr>
</thead>
</table>
| **Program Goal 1**: Expand early childhood education services in Maui County to serve a larger percentage of children in Quality Licensed Infant/Toddler settings. | A. The program has continued the partnership with Ka Hale O Ke Ola Homeless Resource Center, with an increasing of 9 children as opposed to 8 children.  
B. The program is in startup phase for the FCCP option. |
| **Program Goal 2**: Increase the number of EHS children transitioning to Head Start or Community Preschool settings after aging out of EHS with facilitating seamless and well-coordinated services for families to support their children’s success in education. | A. Due to COVID, the program has decreased 15% of children transitioning into a preschool setting within the community.  
B. The program has revised transition plans beginning at the age of 2 instead of 2.5 has been implemented.  
C. Preschool Resource Panel has continued, due to COVID the program held this fair via zoom platform. |
| Program Goal 3: Integrate, and implement revised School Readiness Goals plan to ensure all children and families are receiving high quality comprehensive services. | A. Staff have been trained quarterly to comprehend and articulate SRGs to families during Parent/Teacher Conferences and Home Visits.  
B. Staff have been trained to build capacity focused on implementing SRGs in the classroom and home environments.  
C. The program’s Ongoing Assessment Tool (MyTSG) is sophisticated and able to generate reports more efficiently.  
D. Board Members, Policy Council and Participant Families are beginning to engage and advocate for their child’s education; asking questions and providing feedback to the program.  
E. Child Outcome reports are utilized when planning activities for Monthly Parent Meetings.  
F. Based upon monitoring reports, the program has seen a 25% increase with classroom environments that reflect SRG’s for the enrolled population. |
| --- | --- |
| Program Goal 4: To improve children and families’ overall health, development and family outcomes based around planning and achieving SMART goals. | A. There was a 5% increase of families receiving and achieving goals during the program year compared to the prior program year.  
B. Recently incorporated Family Case Manager Position provided an increase in Family Goals being appropriate and met.  
C. Practice Based Coaching planning and implementation has been an ongoing process for both HB and CB options. |
| Program Goal 5: MFSS EHS services will increase compatibility with Pacific Islander cultures and other identified cultures of participants within the program. Socializations and Monthly Parent Meetings will be cultural relevant for families. | A. The program was able retain four (4) individuals that speak three (3) different dialects of the Pacific Island. The program also hired an additional individual who speaks Marshallese.  
B. Storybooks, songs, and handouts have been translated to a variety of Pacific Island dialects.  
C. Families have begun to share their cultural practices at Parent Meetings and in the classroom.  
D. Classroom environments are reflective of the population enrolled.  
E. Staff have participated in cultural trainings at the state and national levels. |
Early Literacy

Since October 2020

The Comprehensive Literacy State Development (CLSD) grant is from the U.S. Department of Education to create comprehensive literacy programs to advance literacy skills through evidence-based practices, activities, and interventions, with an emphasis on disadvantaged children, including children living in poverty, English learners, and children with disabilities. As a recipient of the CLSD grant, the Hawaii State Department of Education sub-awarded the University of Hawai‘i’s P-20 Partnerships to facilitate the implementation of the Early Literacy Project of the Hawaii CLSD program. MFSS received the CLSD Early Literacy grant to supplement current early literacy efforts. This is a 4-year grant which ends on June 30, 2024.

• Partners are MFSS programs, Maui Economic Opportunity-Head Start, and Malama Family Recovery Center, with more community programs to be included in the future.
• Three early literacy evidence-based practices (EBP) are SHELLS (Storytelling for the Home Enrichment of Language and Literacy Skills), Dialogic Reading, and Phonological Awareness.
• Eight sessions of professional learning training on the three EBPs were conducted in April to May 2021. Up to 25 program staff attended the sessions.
• MFSS Early Literacy Plan, Implementation Plan, and Evaluation Plan were finalized, using implementation, and with input from our partners.
• Data Sharing Agreements between partners finalized and Data Sharing Parent Consents finalized.
• Data Systems Consultant contract finalized with a system for data collection and monitoring.
• Early Literacy Professional Learning website platform launched for partners to use for asynchronous training on the EBPs. Available are Developmental Parenting, SHELLS for Home Visiting, Classroom, and Family Events with Dialogic Reading and Phonological Awareness training sessions soon to be posted and ready for use.
• Quality children’s books ordered with plans to create lending libraries in the community and to distribute to partners and their families to increase access to quality children’s books in the families’ homes.
• Bookmarkers (56) created for use when distributing books to families to provide early literacy tips and strategies for parents/care providers to do at home to promote building foundational early literacy skills with their children.

In Fiscal Year 2021 (October 2020-October 2021)

Traci Robello
Project Director
3/2021
Mayor & Mrs. Michael Victorino joined MFSS during the drive-thru Celebration of Fathers on June 12, 2021 at the Baldwin High School parking lots, together with the Hawaii Commission on Fatherhood, MFSS staff, community partners, and volunteers.

We are so proud to receive the Champions for Children Award from the Hawaii Children’s Action Network.

Our very own Board of Director Mrs. Joycelyn Victorino helping out during the Celebration of Fathers on June 12, 2021

MFSS coordinated the 26th Stand for Children Rally and Celebration on September 18, 2021 by doing safe drop-offs of community resources and parent-child activity supplies to families.
The Ho‘oikaika Partnership is a coalition of more than 60 Maui County agencies and individuals committed to preventing child abuse and neglect in Maui County. The symbol of the Ho‘oikaika Partnership is the hukilau, or net, which serves to remind us that our strength is in our working together to make sure our network of social services has no pukas (holes).

Ho‘oikaika Partnership Mission:

The Ho‘oikaika Partnership mission is to continuously expand the knowledge and use of the Five Protective Factors to all those that touch and shape the lives of the children in Maui County to reduce the incidence of child abuse and neglect (CAN).

Vision:

Every child in Maui County will live peacefully, free from any type of abuse or neglect. All the ‘ohana of Maui will flourish and prosper within a nurturing community that embodies the aloha spirit.

What We Do:

> Increase awareness about child abuse and neglect in Maui County.
> Empower, strengthen, and support families.
> Connect families with resources and services. Reduce the number of children in foster care.
> Continuously strive to improve.
> Engage with each other, our community, and our clients with cultural humility, utilizing culturally competent practices.
> Rely on the collective expertise of the collaborative.
> Use data to inform and improve our work.
> Collaborate on strategies for preventing child abuse and neglect in Maui County.
> Teach parents, professionals, and the public about the risk factors associated with child abuse and neglect and the protective factors that can prevent child abuse and neglect.
> Inform, educate, and motivate the community to implement the Protective Factors.
Heidi Allencastre is our new Ho'ookaiaka Navigator. She believes that it is important for families to feel supported while going through different challenges. Heidi works with families to get connected to the resources and services that they need while focusing on the protective factors. Heidi believes that it is important to meet families where they are at and partner with them so they can work through barriers and make lasting changes for them and their 'Ohana.

Every 3rd Friday of the month, the Ho'ookaiaka Navigator will be at Queen Kaahumanu Center's Kokua Corner doing outreach and passing out brochures for different services available on Maui County.

2021 Virtual Ho'ookaiaka Conference
Remaining Steadfast During Challenging Times
Hosted over two-half days on October 13-14, 2021 with over 200 attendees.

Thank you to our funders
Healthy Families America

Since 1988 (formerly Healthy Start)

Serving Maui, Moloka‘i, and Lana‘i, Healthy Families America (HFA) is a nationally-recognized evidence-based home visiting program model designed to work with overburdened families. Family Support Workers work with the parent/caregiver prenatally or soon after the birth of the baby to cultivate and strengthen nurturing parent-child relationships, and promote healthy childhood growth and development. They bring books and other supplies to the home and help support families in need. HFA Family Support Workers are supported by the Clinical Supervisor, Clinical Specialist, and Child Development Specialist (CDS). HFA-Lana‘i is funded by Hawaii State Department of Health. HFA-Maui/Moloka‘i is funded by U.S. Department of Education-Native Hawaiian Education Program.
In Fiscal Year 2021

- 45 families served in Maui and Moloka‘i with 842 home visits
- 11 families served on Lana‘i with 332 home visits (all visits were completed virtually through Doxy.me due to the pandemic)
- participated in four (4) outreach events to distribute community resources for families

Healthy Families America services on Lana‘i are provided by the Hawaii State Department of Health (DOH), Maternal and Child Health Branch and the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under ASO 14-123 for grant amount $135,000. This information or content and conclusions are those of the author and should not be construed as the official position or policy of, nor should any endorsements be inferred by DOH, HRSA, HHS or the U.S. Government.”
Since 2015

In May of 2015, MFSS officially opened Hale Hi`ipoi, the first licensed Infant and Toddler Center in the Hāna Community. Located on the campus of Hana Elementary and High School, the Center offers quality childcare to children ages 6 weeks-3 years. The creation and opening of Hale Hi`ipoi have been a long-planned effort between MFSS, the County of Maui, Kamehameha Schools, and the Hāna community. Hāna previously had no licensed infant-toddler care, which often made it difficult for Hāna High and Elementary to retain staff and ensure a safe environment for the young children of teen parents, keeping them in school. The opening of Hale Hi`ipoi has not only provided children a safe and developmentally-appropriate place to learn and grow, but has provided the opportunity for their parents to work or attend school, and has created four new jobs in the Hāna community.

In Fiscal Year 2021

- seven (7) children from seven (7) families served
- 95% of all children enrolled are at age-appropriate developmental levels
- 100% of all enrolled families have received Home/School connection activities
- 100% of all enrolled children have completed an active transition plan by age 2
- Hale Hi`ipoi instills Hawaiian Language and Values into daily routines with the children
Kāne Connections

Since 2005

While almost any man can father a child, there is so much more to the important role of being dad in a child’s life. The MFSS Kāne Connections (KC) program began in 2005, and has over a decade of services to men and male caregivers in Maui County. KC services are provided in a group setting and also one-on-one services when needed to provide more direct support to men/fathers/male caregivers. In 2019, the KC program began to implement Kamalama Parenting group, parenting classes based on Hawaiian values, and rooted in the understanding that parents are their children’s first teachers.

Not only does our KC team provide 1:1 and group sessions, but they are active in various community events, including hosting the Annual Celebration of Fathers event. Our KC Program Supervisor is the Chairperson of the Hawaii Commission on Fatherhood.

In Fiscal Year 2021

- 126 men served
- 34 parents completed the 12 week Kamalama Program (21 fathers and 13 mothers) exceeding the County Grant goals
- 21 additional parents began the program and received knowledge of healthier parenting but did not complete the program for various reasons
- Over $4000 value in donation received towards the MFSS Annual Celebration of Fathers
- Community clothes drives completed several times to support men and women in need.
Ka Pu`uwai O Na Keiki

Since 2005 (formerly Enhanced Healthy Start)

The State of Hawaii Department of Human Services funds MFSS Ka Pu`uwai O Nā Keiki to support families needing more intensive home visiting services. These services may help them to stay solution-focused and learn how to care for and nurture their children in ways that promote healthy development and keep families together. Services may include parent-child interactive activities, developmental parenting, and family well-being. Families meet regularly with their Parent Educator as well as a Registered Nurse and Clinical Specialist for counseling, screening and assessment, and access to resources. Together with the Program Supervisor, they work as a team to build upon families’ strengths to overcome barriers and cope with life’s challenges. Beginning July 2021, Ka Pu`uwai O Nā Keiki started to implement the Parents as Teachers evidence-based home visiting model that include personal visits and group connections.

In Fiscal Year 2021

- 193 families and a total of 439 individuals served in Maui County
- 98% of families were NOT reconfirmed for Abuse or Neglect
- 83% of Children Served had a Medical Home
- 89% of Children were up-to-date on immunizations
- Conducted 1,850 home visits including virtual visits
- Completed 474 screenings and assessments
- 8 families reunited during the fiscal year
Maui County Early Childhood Resource Center

Since 2002

The Maui County Early Childhood Resource Center (MCECRC) promotes accessibility to high quality early childhood learning and care for young children and their families. In FY2021, MCERC expanded by adding an Early Childhood Family Literacy project and moved to a new location at 2099 Wells Street in Wailuku.

In Fiscal Year 2021

- Provided personal protective equipment (PPE), cleaning, and sanitation supplies to over 125 family child care providers, preschools, and infant toddler centers with over 2330 enrolled children by coordinating with PATCH and the County of Maui. The CARES Bins Project helped the providers keep their staff and children safe during the COVID Pandemic.

- Assisted 137 families to qualify for tuition subsidies from the County of Maui and/or state, federal, and private programs enabling parents to afford the cost of safe, high quality child care for their children while they work or attend school/job training.

- As part of the Early Childhood Family Literacy Project, the Early Childhood Lending Library expanded to include over 4000 children's books, professional development texts, and periodicals that have been digitally catalogued and will be available to families and child care providers starting January 2022.
Outreach and Resource Specialists

Since 1983

Families benefit from meeting with the Outreach and Resource Specialists (OARS) in order to identify needs and concerns early on, helping families to best meet their children’s needs from an early age and throughout their lives. Since 1983, MFSS has visited new mothers at Maui Memorial Medical Center, providing community resources for all, and referrals to home visiting services for qualifying families. Early identification by the OARS team is essential. In terms of brain development, quality early relationships and experiences can positively affect gene function, neural connections, and the organization of the mind, having lifelong positive effects. OARS personnel also meet with Prenatal mothers at local WIC clinics.

Our dedicated team visits with new mothers to ascertain their needs and interests. Team members have extensive knowledge of the services MFSS provides and can make appropriate intra-organization referrals when indicated. In the event that the participant’s needs are best served elsewhere, OARS personnel assist the family in locating appropriate services.

In Fiscal Year 2021

- 11,816 community resource packets distributed
- 8 outreach events attended
- 298 screens completed and provided with resource information and appropriate referrals*
- 97 families were referred to home visiting services*
- 158 families were screened at the Maui Memorial Medical Center*

* limited outputs due to COVID-related restrictions
Quality Care for Hawaiian Keiki

Since October 2016

MFSS Quality Care for Hawaiian Keiki (QCHK) child care programs that are child-focused, family-friendly, and fair to providers. The program supports Hawaiian families to increase their economic stability and prepare children to be ready for school by helping parents to enroll their children in quality child care environments.

In Fiscal Year 2021

• 139 families served
• 173 children received subsidy assistance
• 92 participating child care providers
• 32 workshops/activities for 96 teachers/caregivers and 659 parents/community members
• Distributed over 28,000 informational handouts on choosing quality childcare
• Distributed over 12,000 informational handouts on education and job training resources
• 100% of child care providers meet QCHK quality and health and safety standards.
• 100% of families felt that they were supported in identifying and achieving their education and employment goals.

Office of Child Care
An Office of the Administration for Children & Families
Since 1998

Our youth are strong, passionate, and motivated. With the right inspiration, tools, and guidance, they can meet the challenges before them with confidence, enabling them to set and achieve their goals. MFSS, Youth Services Program provides these opportunities to youth through the facilitation of Botvin's Life Skills Training (LST).

LST is a research-validated substance abuse prevention program proven to reduce the risks of alcohol, tobacco, drug abuse, and violence by targeting the major social and psychological factors that promote the initiation of substance use and other risky behaviors. MFSS, Youth Services program has been providing this service since 2009 in DOE schools on Maui and Moloka’i. We currently serve the following high schools: Baldwin High, King Kekaulike High, and Moloka’i High. We also serve the following middle schools: Lokelani Intermediate, Kalama Intermediate, Iao Intermediate, and Moloka’i Middle School.

In Fiscal Year 2021
The Youth Services Team Served:

• 128 Students online with e-LST
• 241 Students hybrid/in-class
• Total Students: 369

Student Outcomes:
Of the 369 students served, on average, there was an 11% increase in knowledge.*

*Each student completes a pre-survey before any lessons are taught and a post-survey after all classes are taught. The results provide a means to measure the increase in knowledge per student.
The Maui Non-Profit Directors Association recognized MFSS CEO Edel Baguio-Larena as the Executive Director of the Year at the association’s virtual Leadership Awards and Annual Meeting on October 21, 2021. Other awardees were Maui Soda & Ice Works, Ltd., represented by Mike Nobriga (top right) for the Community Business Award, and Mason Williams for the Humanitarian Award (bottom right).

Awards & Recognition

Irene “Cookie” Chong Kee Memorial Award

Zina Andrade
With almost 30 years of service to MFSS, Zina models perseverance and devotion to the mission of the agency. As the Administrative Supervisor, she runs the agency with a gentle fist. She makes sure things get done and knows how to go about it. Zina exemplifies the spirit of Cookie.

Team Member of the Year Award

Larae Balag
Larae is an amazing person. It does not matter what she is doing and if you need anything, she will always help you. Her leadership, vision, ideas, and dedication to MFSS and EHS truly represent the core values of the organization. EHS is the luckiest team with MFSS to have her as the Director. There is no one that comes close to her undeniable dedication to her EHS team. She has a "let's do it" attitude, has initiative, and cares so much about the families and children in EHS and Hale Hi`ipoi.
The Finance Team is amazing. They are always working so hard to get things done, making sure finances are in order. They work tirelessly every day to ensure we/MFSS can run smoothly. If it wasn't for their devotion to MFSS, we couldn't do what we do every day.
Community Partner Award

K. Ka`iulani Galon
Child & Youth Program Specialist IV
State of Hawaii - Department of Health

Ka`iulani Galon's partnership with MFSS is one of a kind. Her dedication, ease, and approachable character make partnering with her a true success. She is an active member of the Early Head Start (EHS) Policy Council and she continuously supports program staff in effectively achieving goals that are sustainable within the community.

Volunteer Award

Punahele Hoopii
Juvenile Parole/Community Liaison
Office of Youth Services, State of Hawaii

Puna volunteered to remain on the EHS Policy Council even after her child graduated from the program. She is an active member providing EHS with ideas and resources which assist in providing quality services. She continuously thinks of EHS when opportunities arise within the community and remains to be a positive asset for the program.

Messages from Stakeholders

Our trustees voted Maui Family Support Services in recognition of your excellent and vital work. Your request was among the strongest we received. Congratulations. - Alfred L. Castle

Services are great. Lots of opportunity for my staff to attend necessary conferences, training and grants offering we received has been very successful and staff are quick and helpful in every way - QCHK Provider

HULO! MAHALO NUNUI "QUALITY CARE FOR HAWAI`IAN KEIKI" NO NA KOKUA!! ALOHA IA `OUKOU - QCHK Participant

I am so thankful for all the resources, help, assistance, and EHS education my son has received. I will be forever thankful. Both myself and those around our family can see what a huge positive improvement and difference it has made for us all. - EHS Participant

I learned new tools to use rather than resorting to spanking or hitting. I understand now that it's important to not hit my children and to not verbally or physically abuse them in any way. Having lots of patience, listening & having an open mind set, along with setting a positive example for my child must be a daily duty for me as a father. I'm learning a lot." - Hui Kane Participant

I learned that as a parent, I still have more to learn and that it is important for me to be the example I want to see in my children - Kamalama Parenting Group participant

I love the unity, togetherness, objectivity, thoughtfulness, time, care, effort, and love that our MFSS team and staff puts into everything they do and for each and every one of their clients. They love being involved and I think that's just awesome:) - Ka Pu`uwai O Na Keiki participant

During the pandemic, staff and participants have been awesome and a great motivation to stay strong and positive - Kane Connections participant

5 stars for Glennda. Always on time, friendly. I just love MFSS, how they serve families, help us & guide us. - Healthy Families America-Lanai participants

Teachers are caring, supportive, and knowledgeable in their field work. - EHS Center-Based participant
